FIFTH ORDER OF BUSINESS**Discussion of Amenity Suspension**

Mr. Eckert stated this incident involves a minor and happened November 13th. On November 17th, a notice of suspension of amenity privileges was mailed which set today for the hearing date. The Board has been provided with the interim suspension letter, as well as the CDD policies regarding amenity facilities. Misuse or destruction of facility equipment, disruptive behavior, inappropriate behavior, failure to follow the District's policies, damaging or interfering with the operation of District property are grounds for suspension under the rules that you went through the rulemaking process to adopt. I don't think the issue is disputed with the parent that I talked to as to whether this happened or whether the minor was the one involved in it. On November 7, 2025, the suspendee was engaged in damaging or marking the concrete epoxy floor at one of the District's pavilions, which was reported by three eyewitnesses and later confirmed by District staff. The damage included a profane term written on the pavilion's floor that remained after District staff attempted to clean the floor. The parents did come up and remove most, if not all, of the markings. It does not appear after the cleaning that the floor was permanently damaged. At this point in time amenity staff recommends lifting the suspension of the amenity privileges effective today December 15, 2025. In addition, staff recommends a letter be sent to the minor and his parents that further violations will likely result in a longer suspension and failure to listen to district management's instruction regarding district property could also result in a suspension for all those who ignore District's directions regarding District property. I have spoken to the father who is here today and unless the board wants to go in a different direction then this can be resolved by a vote to lift the suspension. The parent of the minor declined to provide comment or additional information.

On MOTION by Ms. Berden seconded by Mr. Pollicino with all in favor the suspension of the minor was lifted effective today, with the direction to staff to provide the letter outlined by Mr. Eckert.
